Selectmen's Meeting

MARINE STUDY SUPPORT ASKED

George Hampson, Oceanographical Institute researcher, asked Mattapoisett Selectmen to support his effort to obtain a Sea Grant to study the growing phases of scallops to determine those factors which would result in a higher yield to fishermen. He showed Selectmen a chart of 2 sites that he has under study now. One is located in the Wing's Cove area to study shallow water scallops and the other is in 30 feet of water south of Bird Island. Mr. Hampton is studying the effect of water temperature on the reproductive and growth cycle of the scallop among other factors. He has already found a correlation as well as an increased growth rate following the reproduction of spawn. Mr. Hampson said that Mattapoisett Shellfish Warden Al Pauline has already been of great assistance to him in this study. Mr. Pauline suggested that the town should investigate a possible State bounty on starfish which is one of the predators that prey on the scallop.

The Selectmen assured Mr. Hampton that they will support his study and assist him in any way possible to learn more of the scallops' habitat and habits.

FEES INCREASED

All town fees were voted to increase 10% across the board with these exceptions. The ambulance fee was increased 50% from $50. to $75. The 1982 resident shellfish permit was increased 40% from $6. to $10; non-resident shellfish permit from $50. to $55. The beach and dump identification sticker known as the "courtesy sticker" cost was upped from 25¢ to $1. for a one car family and 25¢ to $2. for a 2- car family.

LIQUOR LICENSE APPROVED

Selectmen unanimously approved an application by Manuel and Karen Souza of 99 Bedford Street, New Bedford for a liquor license to open the former road house under the name Graffiti Inc. Souza said that he has SBA financing for the project.

Chairman William Hubbard reminded Mr. Souza of the conditions set forth by the Selectmen in their last discussion in the Spring. Mr. Souza stated that he has the same intentions to insulate the stage, take out the side doors, have a one way flow of driveway traffic and have police control on the weekends. He said that he would like to open the club in the first two weeks of February. Neighbors Mr. and Mrs. Chester Rusinoski stated that over a 25 year period only the first management ran the club successfully. They said that the previous manager had no control of either sound or customers and that consistently failing business caused all previous managements to bring in the dregs with guns and drugs, noise and traffic problems.

Mr. Souza said that he will cater to a mixed group and will maintain a proper casual dress code and will control the noise. He promised full cooperation with

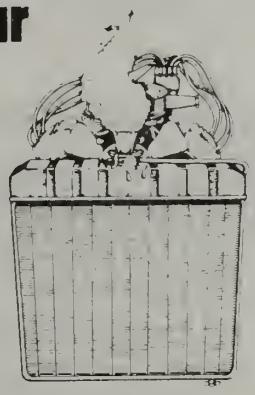
IS YOUR CAR WARM ENOUGH?

A dirty cooling system can make your engine run hot



When dirt, rust and sludge deposits clog the tiny passages in your heater core, you're in for a long, uncomfortable winter behind the wheel.

That's because these blockages prevent your cooling system from circulating hot coolant from the engine through your heater to warm the inside of your car.

But you really don't have to freeze this winter. Because now there's a method of cleaning out your car's entire cooling system, including the heater core. With WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system, while helping to maximize cooling system efficiency.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush even those hard-to-reach areas of your cooling system.

So act now before a dirty cooling system can cause your heater — and your blood — to run cold.

...and your heater run cold.

EXPENDITURES QUESTIONED

Selectman James Huntoon brought up the matter of Selectmen signing vouchers for school expenditures with no proper explanation of the need or purpose. He said that it has consistently bothered him to sign vouchers without such explanation. He cited the law that requires such information be furnished to Selectmen and gives Selectmen the option to refuse approval without such explanation.

The Board of Selectmen agreed to write a letter to all town departments requiring that vouchers be accompanied by an explanation of need and purpose.

FIRE HELMET LOST

A fire helmet fell off the fire engine on the way to the fire at Hollywoods recently. The volunteer fireman who lost the helmet has owned it for 15 years and attaches a sentimental value to it and would appreciate a finder returning it to Fire Chief Paul Bradley.

to make reservations call at (or phone 758-3758) the Town Hall, Room 202, Monday through Friday between the hours of 9:00 a.m. and 12:00 noon. Except on special trips when advance notice is necessary, reservations are taken up to a week before the date of the trip.

As you will notice on the new schedule (December) we had to cancel our visit to the Brockton Art Museum on Thursday, November 19, and reschedule it for Tuesday, December 1. Repairs are being made at the Museum, and the staff felt it unwise to have us visit it on the day that we originally scheduled our trip. Please confirm your trip if you have not already done so. We might even use an additional private car if it seems advisable.

Sparks Fly

Editorial, D.C.J.

If you add together one trillion sparks you have a firestorm. By the time you reach the holocaust stage, everyone is paying attention but no one can stamp out the blaze - you can't even get near enough to comprehend the elements that add together to make it happen.

So, at the risk of seeming picayune, I am going to point out a single spark while no one is paying attention. This week a Mattapoisett Selectmen's vote increased the price of the so-called "courtesy sticker" 400% for a single vehicle and 800% for a two car family. This sticker from the time of first issue until now was priced at 25¢ per family. Now, doesn't this seem ridiculously low? A family with 2 cars was allowed 2 stickers for 25¢. As a fee this would be right out of the good old days, right? Right! But, this is not a fee at all. This payment was simply to cover the cost of printing the identification that allows the people who pay taxes in support of the landfill, the town beach and the wharf to use these facilities. In the beginning, this identification was a window sticker of the sort that the Registry uses for inspection. It worked fine and had the advantage of being inside the vehicle and completely safe from theft because one destroys it to remove it. In 1976, we got

fancy and went to a bumper sticker type of I.D. The cost was more but not much. Surely, by 1982, the cost of this sticker would have increased enough to justify the $1.00 charge. So, I am told. Let's check the facts. Thursday, I obtained a price list for bumper stickers of "easy off" vinyl. I find I can buy 500 for 32¢ each, 3 3/4" x 15". So, if printed 5 up, we cut 5 out of each sticker. That would make each I.D. sticker cost 6.4¢ for 2500 stickers. Let's estimate high and add another 1¢ for cutting and the cost would be 7.4¢ for a one color sticker, 3 1/2" x 3" of the same type to which we have become accustomed. You think this is a lot of tempest in a pot of tea? The dollar bill is not worth a damn anymore and for precisely this reason. No one fought for a quarter. Alright, suppose we pass. Next year, everyone will have forgotten that the sticker was simply an identification for people who have already paid the bill. Next year, it will be on the list of fees. One dollar will be a very low fee, so it will probably jump to $2. The year after, we will check the neighboring towns to see what they are charging their populace for admission to the dump and beach. We will discover that Dartmouth was charging their citizens a $5.00 bill in 1981. We will surely have to bring Mattapoisett right in line with Dartmouth. You think this is an exaggeration? I wish it were. In one year our ambulance jumped from real estate tax supported to tax supported plus $50. per use. Tuesday it jumped to tax supported plus $75. per use. This is a 50% increase.

Now, if you work for the government in any capacity, any cost is no object because the public picks up the tab for your medical insurance. If you work for a large corporation, ditto. If you are on welfare, there is no problem. If you don't fit any of the above conditions you probably won't enter the ambulance truck for the 7 mile trip to the hospital unless you are

unconscious and can't fight back. Next year, $100.? Well, we will be looking at surrounding towns for guidance.

Historically, small towns are the last bastions of stability because the people are the government and involved in it directly. Small towns were historically fiercely independent. Towns furnished essential services at the lowest possible cost and the New Englander watched costs very carefully. I admire that character. I don't give a rap that Dartmouth might charge its taxpayers $5. for parking at a beach that they already support with real estate taxes. It doesn't interest me at all what any of the surrounding towns charge for anything. If we continue to keep our fees in line with the fees of surrounding towns and surrounding towns look back and increase their fees to keep in line with Mattapoisett's increases then there is an upward spiral that we surely regret.

I'm really concerned about abandoning a principle. Once we accept double taxation, then triple, quadruple, etc. etc. opens before us. For example, suppose next year we find a surrounding town charged admission for each use of their beach - so we get in line with that. Then, a surrounding town charges for each swimming lesson - so we get in line with that. I hope I'm completely wrong but I foresee a future full of sparks, all of them circumventing the intent of tax limitation.

Thank You

I would like to thank everyone for their cards, prayers and concern during my recent stay at St. Luke's Hospital.

Thanks again, Kevin Keene

Thanks for a Memory

Editorial, D.C.J.

If I were asked to pick out a powerful personality in Mattapoisett, the first person to pop into my head would be retired educator Mildred Jones Keefe who died Friday in her sleep at her Pearl Street home and is, I am certain, still in search of a better world on whatever plane she now exists.

Miss Keefe lived 86 years. I would estimate her fine mind as a mature 40 and her idealism at 21. She was a burning brand, completely immersed in the world of intellect with complete faith in the ability of mankind to solve problems through reason and good will. Articulate, confident with a rare ability to project as a trained orator, Miss Keefe was a spellbinder. I have been reading her message given a year ago on November 9th in the Mattapoisett Congregational Church and would like to share excerpts of her philosophy which she expressed at that occasion.

"To survive on this Planet Earth, every human being has to be fed, housed and clothed. For this, the Family constitutes the basic relationship to our physical life; and through the centuries, the Family and Home have been the foundation and strength of humanity, the moral and spiritual fiber that binds each nation into a dynamic social whole. And to maintain this wholeness, it is the responsibility of the Family to uphold the integrity of the Home; and to have reverence for life as taught by the great humanitarian, Albert Schweitzer. A permissive society is not acceptable in a well-oriented civilization.

"A few years ago I heard Dr. McNamara, the eminent criminologist of New York University, speak at a plenary session of the international Biographical Centre Congress held in Manhattan, where he said: 'The cause of all the lawlessness, violence and crime in this Country is due to the breakdown of moral values, especially in the Home.' And we would reflect upon this indictment; and remember that the Home is the foundation and greatness of human Society; the Home, where all the joys and sorrows of life are shared; where love, loyalty and trust are the sure bonds; and when disappointment and disillusionment befall, we find assurance, understanding and cheer that give us the courage to carry on. Here we would begin the build-

ing of a united civilization, with a deep and true awareness of the responsibility and obligation for beautiful fulfillment in the life of the Family.

"To sustain the Home for its physical needs, all nations must maintain a sound and productive Economy, in which there may be a sharing of goods with their neighbors through fair and honest trade. Poverty and hunger must be overcome, and health maintained. When there is suffering, especially when tragedy occurs from natural disaster, the nations should help one another as far as possible. Everyone recognizes the great service of the Red Cross and other organizations in times of dire need. Yes, we are one throughout the World in our physical needs. And in this realization we would unite in a spirit of brotherhood and helpfulness.

"The second basic need is for the development of the Mind. Everyone is endowed with mental powers in varying degree. One of our greatest blessings is the gift of intelligence. It is the Mind of Men that must be taught that he may have a successful and rewarding life. Learning is a life-long need and hunger. And beginning with little children, it is the school that must meet this need - through the years of required education, then moving on to advanced study in academic and scientific fields; in the arts for those with special talent; and training in vocational skills for the finest efficiency in our technological World. For this, it is the responsibility and obligation of all teachers to be highly trained and dedicated in their work. Schools are not established to provide jobs for teachers, with the privilege to strike for higher wages if not satisfied. Schools are first and foremost for the students, and every teacher has the responsibility and obligation to develop the mental powers of his/her students to the fullest degree possible, that they may become fine citizens of their Country and have a richly fulfilled and happy life.

"Another great human need and hunger is the quest for Beauty, the richest gift bestowed upon Man, that helps him to become a co-worker with his Creator; and shines forth so gloriously in the creative work of the greatest masters through the centuries. The arts are the most beautiful expression of culture in all civilizations; and it is through creative work and artistic expression, and the sharing of it with others, we may realize a richer life and a finer community, a greater nation and a better world."

Rochester Youth Hockey teams found the going tough during action on Saturday, November 21st.

In the Mite Division, Manny Aguiar's RAC Services lost 6-1 to a strong Y-D team. The lone goal was scored by winger Jason Medeiros from Mark Hendriques. Josh Hedges was strong in net, making many fine saves.

In Squirt II play, Paul Bodeau's Campino's lost 2-0 to Sandwich. The local team had trouble finding the net through solid Sandwich goal tending. Chad Vincent was in net for Rochester.

In Squirt III competition, coach Eric Jensen's Squirts lost a tough game 1-0 to Sandwich. Time and again, Jensen's squirts had an opportunity to score but were turned back by solid Sandwich goal tending. Scott Hartley

KAREN LeBLANC AND MARJORIE CORMIER OF THE GREATER NEW BEDFORD COMMUNITY CENTER ADDRESS 7 EAST STUDENTS AT OLD ROCHESTER REGIONAL JUNIOR HIGH SCHOOL.

LECTURE ON BLOOD PRESSURE AND HYPERTENSION

Mrs. Marjorie Cormier, working with a grant from the State Department of Public Health, screens citizens of the area for indications of hypertension or high blood pressure. Students at the Old Rochester Regional Junior High School, Grade 7 East, were informed that approximately two thousand people in this area have already been checked for hypertension in an effort to reach people of a younger age to teach them how to prevent complications from high blood pressure which usually results later in life.

"This disease", said Mrs. Cormier, "is prevalent in the greater New Bedford area. One person in ten has hypertension, and we are attempting to discover the causes and controls."

Students were also told that the tendency to develop hypertension is inherited. When the group was asked how many of them knew whether one or both of their parents were being treated for high blood pressure, at least 15% responded positively.

In a lecture and filmstrip presentation students were told that a person with a systolic reading above 140 or a diastolic reading above 90 has a degree of hypertension. Diet, anxiety, weight, smoking and age were all discussed as contributors to the development of healthy or unhealthy blood vessels to the heart. Brochures and

This activity was directly related to the seventh grade science curriculum dealing with the circulatory system. As a follow-up during science classes next week, each student will have his blood pressure read by Mrs. Andrews, the school nurse.

Arts -Crafts Show

The fifth annual Arts and Crafts Show sponsored by the Scholarship Pageant, Inc. (SPI) will be held at the Wareham Town Hall on Saturday and Sunday, November 28 and 29.

Rita L. Blair, chairman of SPI, has already accepted many reservations for arts and crafts displays and indicates that this event will be one of the best fairs yet sponsored by her group.

The fair will be held from 10:00 a.m. to 5:00 p.m. both days and items being displayed and sold will show a wide variety of unique gift items for the holidays. Visitors will see jewelry, pottery, Christmas decorations, plants, blown glass, hand tooled leather, seashell creations, wood toys and many more interesting crafts.

A snack bar will be open both days of the fair selling coffee, donuts, cold sandwiches and soda.

Door prizes will be drawn on Sunday afternoon. Winners need not be present. Visit-

O.C.: Soccer Champions

The Old Colony Varsity Soccer team, coached by Ray M. Cabral, clinched the Mayflower League championship this season.

The young Cougar team, in their 4th varsity season, compiled a record of 9-0-2 in the league and 11-0-2 overall, with non-league victories over Old Rochester and Cape Cod Tech.

The Cougars have been the second place team in the league for the past 2 years with records of 6-2-2 and 7-1-2 respectively.

This year's team was paced by a strong

scoring effort from the tri-captains, Steve Faulkner, 12 goals, 9 assists; Dave Desroches, 15 goals, 6 assists; and Gary Menard, 9 goals, 7 assists. These three players plus goalkeeper Wayne Britton were selected to the Mayflower League All-Star team. Coach Cabral was also voted coach of the year by his fellow coaches.

Old Colony scored 51 goals, gave up 8 and had 7 shutouts. The defense was led by goalkeeper Wayne Britton along with sweeper Paul Cloutier, stopper Joe Coutinho and left and right fullbacks Tom Senna and Scott Boucher.

Coach Cabral attributed his team's success to the fact that all eleven players on the field worked together throughout the season. There were no superstars on the team, just enthusiastic young men who love to play the game.

The Old Colony team consisted of the aforementioned players plus Mike Bumpus, Randy Drew, Kevin Halle, Bob Hall, Brian Hubert, Steve Lapsley, Kevin Yenulivich, Paul Cunha, John Forand, Peter Wood, Mike Rogers, Don Cote, Mark Alexander, Bill Costa, Jeff Goulart and Steve Lanzoni.

JUNIOR SCOUTS

Rochester Girl Scout Troop 165 has its own "Handicappers'" Badge. To earn this badge they have been learning sign language, tying their writing hand to their bodies while they proceed with regular troop activities, and going through the "Wheelchair Maze" with guest speaker Larry Davis. Mrs. Edna Feijo from the Commission for the Blind is bringing games for the blind to a meeting, and the girls will play the games blindfolded.

Mattapoisett Troop 2 Brownies are making and filling a fruit basket to be delivered to the Mattapoisett Nursing Home with Thanksgiving cards made by the girls.

These Brownies also held a cleanup at Old Hammondtown School. They collected two large bags of litter and one bee, which stung the janitor.

Hot Wheels in New Bedford is the place for the troop's Roller Skating party on November 28th.

JUNIOR TROOP 29

Mattapoisett Junior Troop 29 was very busy carving pumpkins for the "Haunted House". The troop is now earning the "Business-Wise" badge. To earn the badge they have established a "small business" to make and market lollipop trees. At the next meeting Rebecca McEwen, sales manager, will oversee the sales training session for the members of her sales department. Warehouse managers Stacey Marcosa and Kelly Hanna have everything in order to start to move their inventory. Treasurer Priscilla Clark is waiting for some money to come in to pay off the "small business loan" and bring the profits to the bank.

Rochester Cadette Troop 31 has begun organizing for the coming year with newly elected officers: Michelle Gayoski, president; Heather Ramshead, vice president; Melissa Macedo, secretary; Renee Darcy, treasurer.

TWO OILS THAT SAVE YOU GAS

Mobil 1: Unparalleled Excellence

Mobil Super The Gas-Saver

Today's rising gasoline and automobile operating costs have created a demand for motor oils that save gas, improve performance, and help engines last longer. Mobil has developed two motor oils that meet these criteria. Mobil 1 and Mobil Super.

Start saving today!

Mobil 1 5W-30 outperforms every conventional premium motor oil on the market. This unique 100% synthetic oil not only saves gas but goes up to 25,000 miles or one year between changes. Mobil 1 also helps start engines at -35°F and provides superior hot weather performance. With Mobil 1, engines run cleaner and engine wear is reduced. Unquestionably, Mobil 1 remains the finest motor oil money can buy. It's the oil for you if you want the very best.

Today's motorists want an all-season conventional motor oil that will stretch their gas dollars, and new Mobil Super 10W-40 does just that. New Mobil Super's most important feature is fuel efficiency. With Mobil Super you have easier starting and improved engine wear. Mobil Super really gives you more for your money!

THANKSGIVING NOVENA TO ST. JUDE

Oh Holy St. Jude, Apostle and Martyr, great in virtue and rich in miracles, near kinsman of Jesus Christ, faithful intercessor of all who invoke your special patronage in time of need, to you I have recourse from the depth of my heart and humbly beg to whom God has given such great power to come to my assistance. Help me in my present and urgent petition. In return, I promise to make your name known, and cause you to be involved. Say three Our Fathers, three Hail Marys and Glories for 9 consecutive days. Publication must be promised. St. Jude pray for us all who invoke your aid. Amen. This Novena has never been known to fail. I have had my request granted. Publication promised. B.S.M.

STUDENTS VIEW MINI-TUT EXHIBIT

Last Friday Melissa Sequeira, Stephanie Pelczar, Andy Motta and Tommy Hiller, sixth grade students at Old Hammondtown School in Mattapoisett, went to the Brockton Museum to see the Kush exhibit.

"Kush: Lost Kingdom of the Nile" featured 150 artifacts from that little-known but influential ancient civilization which flourished for over a thousand years in the area south of Egypt which is known today as the Sudan. In the 8th century B.C., the Kushites conquered Egypt establishing Egypt's "Ethiopan Dynasty". Some of the most interesting archeological aspects of the exhibit include a sandstone beehive shrine,

Children's Museum

BIRD SEED SALE

The Children's Museum is presently taking orders for its 2nd Bird Seed sale of the season. The deadline for orders is November 28th and the pick-up day is Saturday, December 5th, between 9:00 a.m. and 4:00 p.m.

Proceeds from the Bird Seed sale help to finance the Museum's many educational programs. This year we are having four sales, extending feeding time into early Spring. The date of the third sale will be February 6th.

FIELD WALK - NOVEMBER 28

READING THE LANDSCAPE

Animals, insects, birds and all the critters that inhabit the natural world around us do not always conduct their daily comings and goings without leaving a trace. For those who can read the signs, animal activity can be interpreted very easily. Signs of foraging for food, signs of battle, birth, death and decay, none of which are found in the newspapers, are there to be "read" by those who see the clues. The Children's Museum will give a free field walk interpreting the signs, tracks and trails made by animals this Saturday, November 28th, starting at 10:00 a.m., open to all ages.

SATURDAY PROGRAM-MACRAME SNOWFLAKES

The time for preparing for Christmas is upon us and the Children's Museum is offering a series of Saturday Programs that will provide children with a variety of ornaments and decorations for this coming Christmas season. This Saturday's program will be "Macrame Snowflakes", given by Michelle Rusin and is open to seven year olds and up. This program will be at 2:00 p.m. on November 28th. If we have more than twenty children registered we will hold a second program at 3:00 p.m.

Registration is required; there is a small charge for non-members.

APPONOGANSETT BAY TRUST

The Children's Museum of Dartmouth lost their Museum building at Russell's Mills in a fire and are now occupying temporary quarters on Old Westport Road in North Dartmouth. These quarters are clearly inadequate for the long run, so the Museum has been actively looking for a permanent facility and has been planning a drive to raise the necessary money.

The most desirable property which the Museum has seen is the Gulf Hill property. This contains all of the features sought by the Museum, although the property and buildings in total may be more extensive than they need.

The Museum itself is not administratively and financially constituted to be able to make such a large acquisition on short notice. A small group of friends of the Museum therefore has formed a non-profit trust (the Apponogansett Bay Trust) to take an option on the property. This option has now been obtained by them and will be held by them until the Museum is in a position to take over the option.

marion massachusetts

Mrs. Leonard Elden reported on the Mass. DAR State Conference in Deerfield, Mass. in October where she was a delegate, accompanied by Mrs. Nowak. Mrs. Kenneth Winslow read the President General's message, and reports were read by Mrs. Charles Maxfield, Mrs. Charles Nealy, Mrs. Helen Bryant and Mrs. Ruth Johnson.

It was voted to send the usual Christmas checks to the following supported DAR schools: Tamassee, Kate Duncan Smith, Crossmore and Hillside.

A letter was read from President General Shelby in Washington advising of the appointment of Mrs. Nowak as VAUS Representative of DAR at the Brockton Veterans' Hospital on the Advisory Committee.

An interesting display of old, exquisitely made quilts belonging to members was shown and former Regent Mrs. Daniel Gifford's program of beautiful films of Ireland and Scotland was enjoyed. Mrs. Harry Brown, Third District Director, was an invited guest.

On December 14th at 12:30 the Christmas party luncheon will be held at the home of Mrs. Miriam Nealy in Fairhaven. Members are asked to bring an inexpensive gift for exchange.

Garden Club Fair

The Wareham Garden Club will hold its fourth annual Christmas Fair at the Captain John Kendrick Museum on Main Street on Saturday, December 5th, from 10 a.m. to 3 p.m. There will be homemade foods, crafts, tree decorations, white elephants, dried arrangements, fresh green wreaths, swags and arrangements.

Raffle tickets will be sold for an afghan, dried wreath and a pine cone teddy bear. The drawing is to be on December 10th at the monthly club meeting.

Talent Search held in Wareham.

Also on the program will be the Mike Peterson Family from Walpole, popular participants in the 1981 Talent Search. This singing family has been active in the music ministry for two years, working in area churches, camp meetings, and Full Gospel Business Men's meetings.

Bill Vasconcellos from East Wareham, well-known vocal soloist, will also appear on the program. Bill sang for several years with the Heirs of Salvation gospel group from the New Bedford area, and has had experience in solo work on radio and television, as well as in concerts across New England.

Story of Jung

The Centerpoint Foundation, Inc. will present The Story of Carl Gustav Jung on Thursday, December 3rd, at 7:30 p.m. in Lyndon Hall South at Tabor Academy. A donation (set) is requested to defray the cost of showing the film. The movie was produced by Laurens van der Post, writer, South African anthropologist and close personal friend of Carl Jung, in conjunction with the British Broadcasting Corporation. Jung, a contemporary and early disciple of Sigmund Freud, split with Freud over differences in their view of the psyche.

In Man and His Symbols, Dr. Jung explained his theory that as our physical bodies share a common evolutionary history, so we also share a common psychological history which includes elements from our common past. It is from this collective psyche, Jung said, that our symbols (for example the Christian cross) come. This

common pool of psychological experience played an important role in the survival of the species before the development of reason and speech. As man developed more in rational areas, he gradually lost touch with the more primitive means of communicating, and came to rely largely on reason. TINY TOTS

The New Bedford YMCA will again be offering swimming classes for Tiny Tots. The sessions will begin the week of December 8. Parent and Tot sessions are for children between the ages of one month to 3 years. The class will help the child become accustomed to the water and its buoyancy, and the ages of 3 and 5 years participate in Instructor and Tot sessions. These children will be learning more advanced water and safety skills.

KINDERGYM CLASS

Basic Tumbling, Balance Beam, Games and Coordination Skills provide lots of fun and prove to be an important part of every child's early years. This class is for 3 -5 year olds who want a healthful, fun and needed experience. Register November 28 - December 7. Class begins December 8 and meets every Tuesday and Thursday from 1:00 to 1:30 p.m. at the New Bedford YMCA. Call 997-0734 for more information.

TRU-TEST PAINTS

PAINTING HELP SPOKEN HERE.

BY *Bonnie Blaire*
TRU-TEST COLOR CONSULTANT

Dear Bonnie:

Please suggest a fashion color for the walls of my living room. The furnishings now are primarily beige with brown accents. I would like a distinct change from my bland beige walls but one that will make a harmonious background for my present furnishings.

Signed, Bored with Beige

Dear Bored:

Consider a spicy bright brown or a brownish copper like the middle colors on cards B12 and B11 from the TRU-TEST Custom Color Selector. They are medium dark colors that should make an effective setting for your beige and brown furnishings and a definite change from beige walls. Paint woodwork to match your wall color or paint it with one of the lighter beige colors on the same strip card.

Repeat the wall color by distributing some copper accents in the form of sofa pillows, chair coverings or other accessories.

The spicy and coppery browns are among the most useful of the new deep colors. Earth colors, blend well with all the natural neutrals, with the rough textures and raw fibers of unbleached linen, raw silk, wicker, reed, cane bamboo and also all natural wood, stone and brick.

FREE WORKSHOP

Don't let the continual round of guests during the holidays throw you into a frenzy. A selection of "goodies" will be ready if you attend the "Holiday Snacks" workshop at the YWCA, where the advance preparation, packaging and storing of holiday snacks will be shown. Grace Jeffrey, Home Economics teacher at the Greater New Bedford Regional Voc-Tech High School, will conduct the free YWCA membership workshop on Tuesday, December 10, from 7 to 9 p.m.

Participants will share the cost of the snack items. Registration should be made at the YWCA front desk by December 7. There is a charge for non-members.

LUNCHEON SALUTE

Clara Weeks will be saluted as an Outstanding Woman in a Profession at the YWCA Wednesday Luncheon on December 2.

Miss Weeks, a resident of Dartmouth, is Supervisor of the Social Service Department at St. Luke's Hospital in New Bedford. She is treasurer of SCAN Committee, Inc. (Suspected Child Abuse and Neglect), member of the Nominating Committee of the National Association of Social Workers (Massachusetts Chapter) and a board member of Birthright.

The cafeteria-style luncheon begins at noon and is open to the public.
